ROCKS, MINERALS & CRYSTALS: A Coloring & Collecting Book, Powell. Explore and "color-in" the amazing world of rocks, minerals and crystals... readers and rockhounds of all ages and skill levels will love this book! Learn the many interesting facts, uses, and properties of rocks and minerals, as well as helpful guidance on starting, building and maintaining your own rock and mineral collection. All images are world class examples of one-of-a-kind minerals, chosen for their exceptional characteristics and beauty; over 40 different minerals are presented in large scale and exceptional detail. Real world color examples for each mineral specimen are also provided. (8.5 x 11"), 48 pgs., ISBN 9781889786568, $8.95 [R&M COLORING]

ROCKS & MINERALS PLAYING CARDS, Lynch. This standard card deck identifies and features 52 color photos of the most common and sought after specimens found in the United States. ISBN 9781591933137, $5.95 [R & M CARDS]

HANDBOOK OF ROCKS, MINERALS & GEMSTONES, Schumann. Classic reference: comprehensive, easy-to-use and highly illustrated. Written for the layman and the scientist, it describes the properties and characteristics of each rock and mineral with over 600 color photos. 380 pgs., ISBN 9780395511374, $25.00 [HDBK R&M GEMS]

AUDUBON FIELD GUIDE TO NORTH AMERICAN ROCKS AND MINERALS, Chesterman. Over 750 color plates cross referenced by color to detailed descriptions of field patterns and rock locations. Comprehensive index and sturdy plastic cover make this perfect for field use. 850 pgs., ISBN 9780394502694, $22.95 [AUD NA ROCKS]

PETERTSON FIRST GUIDES: Rocks And Minerals, Pough. Simplified pocket field guide to common gems, ores, rocks and minerals. Color photos and concise descriptions introduce beginners to the subject. 128 pgs., ISBN 9780395935439, $7.95 [P1STG R & M]

PETTERSON FIELD GUIDES: Rocks And Minerals, Pough. Well-written field guide for rockhounds or geologists; contains detailed descriptions of minerals; introduces simple tests to ensure accurate identification. 320 pgs., ISBN 9780395910962, $20.00 [PFG ROCKS&MIN]

COMPLETE ILLUSTRATED GUIDE TO MINERALS, ROCKS & FOSSILS OF THE WORLD, Farndon & Parker. Condensed reference to over 700 minerals, rocks, and fossils from around the world. Includes info on collection and extraction, with over 2000 photos and illustrations, (7 x 9") 512 pgs., ISBN 9780395910962, $20.00 [COMP M & F]

ILLUSTRATED GUIDE TO COMMON ROCKS AND THEIR MINERALS, Brown & Allan. Lays the groundwork for identifying common rocks by addressing their general nature, the three main rock classifications, and the component minerals that comprise them. 59 pgs., ISBN 9780879610548, $8.95 [ALLAN]
THE BEST BATHROOM BOOK FOR MINERAL COLLECTORS EVER WRITTEN, Thyst, Syte & Dan. These gems are loaded with rock and mineral lore, little-known facts, fun games, puzzles, mazes and more! Designed for adults who can't get enough geo-trivia, but kids love it too. VOLUME 1, 99 pgs., ISBN 9780986781639, $11.95 [BATHROOM 1]

SIMON & SCHUSTER’S GUIDE TO ROCKS AND MINERALS, Prinz, Harlow & Peters. Accessible beginner’s reference guide to rocks and minerals, with facing pages of photos and text; more than 1,000 illustrations. 608 pgs., ISBN 9780671244170, $20.00 [S&S ROCKS]

DK POCKET GENIUS: Facts at Your Fingertips, ed. These pocket-sized encyclopedias put everything you need to know into one neat little package; equally appropriate for adults and children. Fully illustrated. (3.75 x 5"), 156 pgs., $4.99 each

DINOSAURS, ISBN 9781465434512 [DK GEN DINO]
EARTH, ISBN 9781465445865 [DK GEN EARTH]
ROCKS AND MINERALS, ISBN 9781465445902 [DK GEN R&M]

MINERALS, Guastoni & Appiani. Overview of mineralogy: from how and where minerals are formed, to how to classify them; includes detailed look at 288 mineral specimens, each with color photograph and the mineral’s defining attributes. 256 pgs., ISBN 9781554640765, $24.95 [MINERALS WRLD]

ROCKS & MINERALS OF THE UNITED STATES—QUICK GUIDE, Lynch & Lynch. Waterproof, tear resistant, spiral bound field ID guide to 56 of the most common rocks & minerals in the U.S. Organized and tabbed by specimen texture for quick identification. 22 pgs., ISBN 9781591934967, $8.95 [R&M QUICK]

FIFTY MINERALS THAT CHANGED THE COURSE OF HISTORY, Chaline. Discover 50 metals, alloys, rocks, organic minerals and gemstones that humans have used as the building blocks of civilization. 224 pgs., ISBN 9781770855878, $19.95 [FIFTY MINERAL]

MINERALS OF THE WORLD (Princeton Field Guide series), Johnsen. Stands apart from many field guides by its exceptional color presentation of over 500 minerals; includes concise and authoritative text covering crystallography, physical and chemical properties of minerals, diagnostic features and occurrences. 440 pgs., ISBN 9780691095370, $29.95 [MINERALS WRLD]

ROCKS & MINERALS OF THE UNITED STATES–QUICK GUIDE, Lynch & Lynch. Waterproof, tear resistant, spiral bound field ID guide to 56 of the most common rocks & minerals in the U.S. Organized and tabbed by specimen texture for quick identification. 22 pgs., ISBN 9781591934967, $8.95 [R&M QUICK]

DK SMITHSONIAN HANDBOOKS: Comprehensive field guides designed for straightforward and easy identification. Each entry has a full-color illustration as well as color-coded bands that provide at-a-glance facts for quick reference (5.75 x 8.5"), $22.00 each.

ROCKS AND MINERALS, Pellant. 256 pgs., ISBN 9780756690427 [DK SMITH R&M]

THE ELEMENTS: A Visual Exploration of Every Known Atom in the Universe, Gray. Mesmerizing photographs and entertaining text explain all 186 elements that make up the periodic table—exploring elements from the atomic level to the myriad ways they combine to comprise the world around us, from hydrogen to hematite and from gold to gunpowders. 240 pgs., ISBN 9781579128951, $19.99 [ELEMENTS PB]

GEMSTONES: The Definitive Guide to Rocks, Minerals, & Gems, Lymann. Popular field guide includes comprehensive entries on all major gems and precious stones and more than 450 full-color photographs. 384 pgs., ISBN 9780671604301, $50.00 [DK GEM DEF]

The Secret Language of Stones: A Novel, Rose. This magically spellbinding novel follows Opaline, a jewelry maker working in World War I Paris, as she creates unique gemstone mourning jewels for the mothers, wives, and lovers of fallen soldiers. Feeling that this is her contribution to the war effort, Opaline’s jewelry gives voice to those lost in the war, until the day the unexpected happens and Opaline falls for one of the lost. 320 pgs., ISBN 9781476787105, $16.00 [SECRET LANG]

GEM TRAILS OF NORTHERN CALIFORNIA, Romaine. Discover northern California’s abundant mineral bounty in this completely revised and updated guide. Each site lists difficulty of reaching site, tools needed, and include new maps and color photos. 208 pgs., ISBN 9781889786551, $18.95 [GEM NO CA]

GEM TRAILS OF SOUTHERN CALIFORNIA, Braden. New edition includes new and revised site listings, photos and updated directions to over 80 locations throughout Southern California, from San Luis Obispo to the Mexican border. Includes detailed site descriptions and helpful tips for both the novice and more experienced rockhound. 208 pgs., ISBN 9781889786544, $15.95 [GEM SO CA]

GEM TRAILS OF OREGON, Romaine. Must-have guide for rockhounds wanting to explore Oregon’s abundant mineral resources, includes over 100 collecting locations. Each site has detailed driving directions, a map, GPS coordinates, photo and a listing of nearby attractions. 272 pgs., ISBN 9781889786445, $16.95 [GEM OR]

GEM TRAILS OF NEVADA, Mitchell. Maps, photos and text describe the what and where for over 75 sites throughout the state of Nevada. Includes a color specimen insert, glossary and mineral locator index. 224 pgs., ISBN 9781889786655, $12.95 [GEM NV]

GEM TRAILS OF COLORADO, Mitchell. Features over 90 collecting locations with detailed directions and a map for each site. Discover over 80 different minerals plus fossils in the Centennial state. Color photographs aid in specimen identification. Information about local museums and tours make this an ideal travel and collecting guide. 224 pgs., ISBN 9781889786414, $13.95 [GEM CO]

GEM TRAILS OF NEW MEXICO, Mitchell. Includes over 100 collecting sites throughout the state. Experience New Mexico’s scenic grandeur while you search for rocks, minerals and fossils. Includes GPS coordinates, road conditions, required tools, and nearby attractions. Each site has detailed directions, site map, and tells what minerals are found there. 280 pgs., ISBN 9781889786483, $14.95 [GEM NM]

GEM TRAILS OF UTAH, Mitchell. Contains over 90 sites each with maps, driving directions, photos and site descriptions. Photos highlight the collecting areas, and aids in identifying the specimens. Indexed by location and by mineral. 168 pgs., ISBN 9781889786476, $14.95 [GEM UT]

GEM TRAILS OF TEXAS, Cross. The ultimate rockhounding guide for the Lone Star State! Over 50 collecting sites are mapped and described. A handy at-a-glance chart for each site tells you what can be collected, road difficulty, GPS coordinates, recommended tools, best collecting seasons, and nearby places of interest. Includes a beautiful full color insert of specimens found in Texas. 176 pgs., ISBN 9781889786500, $14.95 [GEM TEX]
THE ROCKHOUND’S HANDBOOK, Mitchell. A must-have for beginner and intermediate hobbyists; includes info on basic geology, mineral formation; how to find and identify, collecting tools and techniques; finding gold and other heavy minerals; fossil formation and collecting fossils; the legal aspects of collecting; specimen preparation, display, lapidary basics, jewelry making techniques and more; illustrated with photos, diagrams, charts and over 90 photos. 304 pgs., ISBN 9781889786438, $15.95 [ROCKHOUND]

COLLECTING ROCKS, GEMS, AND MINERALS: Identification, Values, Lapidary Uses, Polk. This easy-to-use book is actually three guides in one! Learn how and where to find rocks, gems and minerals. Then use this guide to identify your finds, and finally learn the lapidary uses of your finds. 352 pgs., ISBN 978144024615, $19.99 [COLLECT RGM]

COLLECTING AGATES AND JASPER OF NORTH AMERICA, Polk. This inclusive, easy-to-use, visually dazzling guide to the finest examples of domestic agates and jaspers includes 650 color photos and specimen descriptions; written by a leading agate collector. 272 pgs., ISBN 9781440237454, $19.99 [COLLECT AGATE]

COLLECTOR’S GUIDE TO QUARTZ AND OTHER SILICA MINERALS, Lauf. This detailed look at quartz and other silica minerals explains scientific aspects in a way that can be understood by the layman; over 130 vivid photographs presented in order to show each mineral in its geological context. 99 pgs., ISBN 9780764341618, $19.99 [QUARTZ SILICA]

THE MODERN ROCKHOUNDING AND PROSPECTING HANDBOOK, Romaine. In addition to basic overviews of the topic, this guide lists a huge range of useful sites where the aspiring or intermediate rockhound can learn the hobby and interact with others online; many color photos enrich the presentation. 252 pgs., ISBN 9780762784707, $21.95 [MODERN ROCK]

THE ROCKHOUND AND PROSPECTOR’S BIBLE: A Reference and Study Guide to Rocks, Minerals, Gemstones and Prospecting, Ettinger. This compact reference manual for mineral collectors and prospectors has been the go-to guide for decades on local geology, mineral formation, as well as prospecting techniques and tools. 136 pgs., ISBN 9780961484040, $15.00 [PROSP BIBLE]

FEE MINING AND ROCKHOUNDING ADVENTURES IN THE WEST, Monaco. Invaluable guide for the amateur and seasoned prospector or road tripping family of rock hounds covers over 100 collecting locations, 153 museums, plus caves and other geologica points of interest throughout the western U.S. Hours, directions, cost, tools and supplies are listed for all sites. 240 pgs., ISBN 9781889786384, $15.95 [FEE WEST]

FEE MINING AND MINERAL ADVENTURES IN THE EASTERN U.S., Monaco. Includes 294 places to visit in 31 states: digging sites, caves, museums and other points of geological interest. The perfect guide for anyone interested in the mineral world, from experienced rockhounds and prospectors to vacationing families. 264 pgs., ISBN 9781889786490, $15.95 [FEE EAST]

COAST TO COAST GEM ATLAS, Johnson. Overview maps of gem finding locations throughout the continental U.S. Includes site information and local rock shops. 59 pgs., $11.50 [COAST]

= New or Added Titles
COLORADO ROCKHOUNDING, Voynick. Covers over 350 collecting sites, with an overview of the state’s geology and mining history. Illustrated with maps and B/W photos. 392 pgs., ISBN 9780878422920, $20.00 [CO ROCKHOUND]

ROCKS AND MINERALS OF CALIFORNIA, Brown & Allan. Classic field guide with 48 rocks and minerals shown in color and hundreds of quadrangle map locations organized by county. 200 pgs., ISBN 9780911010659, $13.95 [BROWN]

GUIDE TO ROCKS & MINERALS OF THE NORTHWEST, Leaming. Introductory full-color photo guide that highlights the best and much-prized rocks and minerals of the northwest. 32 pgs., ISBN 9780888390530, $8.95 [R&M NORTHWEST]

POCKET GUIDES, Myers and Petrovic. These handy pocket guides are the perfect companion for identifying Oregon’s better-known geological materials. Each guide offers color photos to aid in identification. 16 pgs., $6.95 each.

AGATES OF THE OREGON COAST, ISBN 9780998075013 [PG AGATES OC]
OREGON UNDER FOOT, ISBN 9781450753737 [PG OR UNDRT]
AGATES OF THE PACIFIC COAST, ISBN 9780998075006 [PG AGATES PC]

ROCKS & MINERALS FIELD GUIDES, Lynch. These handy, compact field guides contain comprehensive entries on the rocks and minerals found within a specific state; easy to use format, color photos and maps of selected specimens can be found. $14.95 each.

WISCONSIN, ILLINOIS & IOWA ROCKS & MINERALS: A Field Guide to the Badger, Prairie & Hawkeye States. 244 pgs., ISBN 9781591934516 [WI ROCKS]

COLLECTOR’S GUIDE TO SILICATES: Orthosilicates, Lauf. This definitive, comprehensive guide explores the structural relationships among orthosilicates; represented with brilliant color photos, structure diagrams and electron micrographs; extensive bibliography and references. Hard Cover, 240 pgs., ISBN 9780764352867, $45.00 [ORTHOSILICATE]

THE WORLD OF FLUORESCENT MINERALS, Schneider. This exploration of the rich and diverse world of fluorescent minerals is filled with over 825 photos displaying these fascinating minerals under daylight and ultraviolet conditions. 176 pgs., ISBN 97807643425441, $29.95 [FLUORES MIN]

COLLECTING FLUORESCENT MINERALS, Schneider. Features over 870 color photographs showing how fluorescent minerals look both under UV light and daylight. A comprehensive resource section provides helpful advice on caring for, collecting and displaying fluorescent minerals. 208 pgs., ISBN 9780764336195, $29.99 [COLLECT MIN]

A COLLECTOR’S GUIDE TO GRANITE PEGMATITES, King. Discover pegmatite forms and distributions, interior structures, crystal, mineral and gem pockets, and references for further study. Over 200 photographs of specimens worldwide. 96 pgs., ISBN 9780764335785, $19.99 [PEGMATITE]
ROCKHOUNDING GUIDE SERIES. Informative guides to collecting sites featuring maps, directions, advice on field techniques, collecting and preparing specimens.

ARIZONA, Blair. 220 pgs., ISBN 9780762744497, $18.95 [ROCKHOUND AZ]

CALIFORNIA, Butler. 228 pgs., ISBN 9780762771417, $16.95 [ROCKHOUND CA]

NEW MEXICO, Vaskys & Freed. 260 pgs., ISBN 9780762743766, $18.95 [ROCKHOUND NM]

PENNSYLVANIA & NEW JERSEY, Beard. 304 pgs., ISBN 9780762780938, $16.95 [ROCKHOUND PA]

THEN & NOW MAP SERIES. Unique map series shows changes in gold & gem fields over the last 100 years in selected western states. Each map package includes current USGS maps of the state along with antique turn-of-the-century maps of the same areas for comparison. $15.95 each.
